

MICHIGAN MANUFACTURING TECHNOLOGY CENTER

The Michigan Manufacturing Technology Center (MMTC) offers direct technical assistance to small and medium-sized manufacturers to connect them to the best manufacturing practices and technologies available. State and federal funding in combination with links to national industry groups, major manufacturers, automation equipment vendors, universities and research laboratories make it possible for MMTC to offer services that would not otherwise be affordable.

Assistance is offered in areas including lean manufacturing and continuous improvement, quality systems, ISO 14001, costing systems, management and market diversification.

In addition, MMTC offers a unique performance benchmarking service comparing a company's performance to that of its peers and making recommendations for improvement.

MMTC services are delivered through the regional affiliates listed below. For more information, visit the MMTC Web site at www.mmtcstatewide.org or contact the Michigan Economic Development Corporation Customer Assistance Center at 517.373.9808.

MMTC offers a broad range of services. Listed below is a sampling of these services. Please visit MMTC's Web site at www.mmtcstatewide.org for a menu of services offered through each of the regional offices.

INITIAL EVALUATION

- Performance benchmarking reports
- Transformation planner reports
- Business development audits
- Meeting to discuss opportunities

ASSESSMENT

- Focused assessments for lean manufacturing, lean office and quality systems
- Waste walks
- Environmental audits

LEAN BUSINESS SOLUTIONS

- Continuous improvement
- Kaizen workshops
- Cellular manufacturing
- Setup time reduction
- Plant layout
- Value-stream mapping
- Lean manufacturing simulation
- 5S workplace organization
- Lean office
- Best Practice Tours
- Total Productive Maintenance (TPM)

QUALITY SYSTEMS

- ISO 9000, AS9100, TL9000, ISO13485, ISO/TS 16949 pre-certification implementation, training & audits
- Six sigma black and green belt training & certification
- Internal auditing & training
- Gap analysis
- OHSAS 18001
- Root cause analysis
- Monthly Management Mentoring Meetings (4-M)
- Core tools: FMEA, MSA, SPC, APQP, PPAP
- Staff Internal Auditor Services
- 10S 10-step problem solving method
- Scrap Cost Reduction & Prevention (SCRAP) Program

GROWTH PLANNING

- Market diversification
- Marketing skills
- Sales skills
- Eureka! Winning Ways®
- Idea testing

- Web site effectiveness analysis
- Production Preparation Process (3P) for Product Launch

ISO 14001

- ISO 14000/14001 environmental management system planning
- Environmental audits & assessments
- Waste minimization

COSTING SYSTEMS

- Activity-based costing & quoting
- Five-day on-site ABC Kaizen
- Three-day Cost Model Build Workshop & Coaching
- Financial Analysis

MANAGEMENT SKILLS

- Leadership training and assessments
- Team building
- Strategic planning
- Corporate climate/culture

TECHNICAL SKILLS

- Math for manufacturing
- Blueprint reading
- Geometric Dimensioning & Tolerance (GD&T)
- Statistical Process Control (SPC)
- Metrology
- Metallurgy
- Coordinate Measuring Machines (CMM)
- Design of Experiments (DOE)

INTERPERSONAL AND COMMUNICATION SKILLS

- Leadership & supervisory skills
- Conflict management & mediation
- Facilitation skills
- Feedback & coaching

HR/ORGANIZATIONAL DEVELOPMENT SERVICES

- Recruitment/selection
- Development of performance management systems
- Employee satisfaction surveys
- Compensation surveys
- Policy/procedure development

ECOMMERCE/IT CONSULTING SERVICES
